MEMORANDUM FOR: SSA-DD/S

SUBJECT : Helicopter Service to Langley

1. At your request a survey was made to determine the number of round trips per week which our senior personnel would be making between TSD and the new headquarters at Langley.
2. This is to confirm our telephone estimate of approximately 20 trips per day or 100 per week by senior personnel.
3. This will account for only approximately 1/4 of the total number of trips TSD personnel will be making, and consequent loss in manhours by using the bus will be considerable.

25X1A9A

NOTE:

Only 75 trips per week used in
SSA estimate *ll.*
